

PRIMENERGY SERVICES

Trusted Solar Solutions

We focus on performance, not just panels.

THERMAL INTELLIGENCE EDGE

We deploy advanced thermal drone technology to identify failures before they happen - giving you visibility no competitor can match.

Drone Fleet

- DJI M30T - Thermal
- DJI Matrice 4T - Thermal
- DJI Matrice 3T - Thermal
- DJI Mavic Pro

Why This Matters

- Identify DC health issues driving lost MWs
- Identify hotspots, diode failures, and connection issues invisible to standard visual inspections
- Improve safety by limiting technician exposure to energized equipment

PRIMENERGY SERVICES

Experienced Wind Solutions

Detect Issues. Reduce Risk. Drive Performance.

PRIMENERGY ADVANTAGE

The Primenergy Advantage delivers the insight needed to protect performance, reduce risk, and drive smarter decisions.

How We Do

- Expert Insights
- Advanced Aerial Technology
- Independent Assurance
- Client-Centered Partnership

What We Do

- Preventative inspections featuring thermal technology
- Operations & performance consulting
- Process creation & review
- Safety, compliance & risk management
- Mapping, Modeling & Data solutions

PRIMENERGY SERVICES

Advanced Inspection Solutions

We focus on what you can't see, before it costs you.

THERMAL INTELLIGENCE EDGE

We deploy advanced thermal drone technology to identify failures before they happen - giving you visibility no competitor can match.

Drone Fleet

- DJI M30T - Thermal
- DJI Matrice 4T - Thermal
- DJI Matrice 3T - Thermal
- DJI Mavic Pro

Why This Matters

- Identify thermal anomalies early to prevent outages and equipment failure
- Reduce risk of unplanned downtime and expensive emergency repairs
- Protect system reliability by addressing issues before they escalate

**PRIMENERGY
SERVICES**

Safety Performance Solutions

Identify risks. Improve safety. Prevent incidents.

MAXIMIZE SAFETY POTENTIAL

With the Primenergy Advantage we deliver the insight needed to protect people, reduce risk, and drive smarter decisions.

What We Do

- In-depth risk assessments
- Evaluate process & procedures
- Emergency response planning
- Workplace safety audits
- Electrical Safety program review
- Equipment safety inspections
- Lockout / Tagout process audits
- Incident & injury reporting evaluations
- Accident investigations

PRIMENERGY SERVICES

Environmental Compliance Solutions
Environmental risks managed. Operations protected.

PRIMENERGY ADVANTAGE

With the Primenergy Advantage we deliver the insight needed to protect the environment, reduce risk, and drive smarter decisions.

What We Do

- In-depth risk assessments
- Evaluate process & procedures
- SPCC plan support & development
- Chemical inventory & labeling
- Material handling review
- Wildfire mitigation planning
- Waste minimization planning
- Sustainability tracking
- Wildlife incident reporting & procedure development

PRIMENERGY SERVICES

Wildfire Mitigation Planning

Reduce risk today, prevent losses tomorrow.

PRIMENERGY ADVANTAGE

The Primenergy Advantage delivers the insight needed to protect performance, reduce risk, and drive smarter decisions.

Assess

- Perform risk assessment
- Evaluate vegetation management
- Review prevention measures
- Collaborate with stakeholders

Prevent

- Develop hazard and risk matrix
- Implement preventative maintenance plans
- Create Pre-Fire plans & fire department review procedures
- Recommend vegetation management practices

PRIMENERGY SERVICES

Inventory Control Solutions

Right parts. Reduce losses. Improve control.

PRIMENERGY ADVANTAGE

With the Primenergy Advantage we deliver the insight needed to be prepared, reduce risk, prevent losses and drive smarter decisions.

What We Do

- Storeroom control assessments
- Inventory audits
- Evaluate storeroom strategies
- Cycle counts
- Wall-to-wall inventory evaluation
- Identify critical spare parts & optimize stock levels
- Improve tracking & visibility
- Align storeroom strategy with operations and maintenance needs
